JOHN H. COZZENS.

The American Art-Union.

IN the City of New York, was incorporated by the Legislature of New York for the promotion of

The Fine Arts in the United States. It is managed by gentlemen who are chosen annually, by the members, and receive no compensation.

To accomplish a truly national object, uniting great public good with private gratification at small individual expense, in a manner best suited to the situation and institutions of our country, and the wants, habits and tastes of our people, the Committee have adopted the following

PLAN.

Every subscriber of five dollars is a member of the Art Union for the year, and is entitled to all its privileges.

The money thus obtained, (after paying necessary expenses) is applied,

First.—To the production of a large and costly Original Engraving from an American painting, of which the plate and copyright belong to the Institution, and are used solely for its benefit.

Of this engraving every member receives a copy for every five dollars paid by him.

Members entitled to duplicates are at liberty to select from the engravings of previous years.

Whenever the funds justify it, an extra engraving or work of Art is also furnished to every member.

Every member also receives a full Annual Report of the proceedings, &c., of the Institution.

Second.—To the purchase of paintings and sculpture, by native or resident artists. These are publicly exhibited at the Gallery of the Art-Union (ill the annual meeting in December, when they are publicly distributed by lot among the members, each member having one share for every five dollars paid by him.

The business of the Institution, out of the city of New York, is transacted by Honorary Secretaries, who receive and remit subscriptions, and deliver to members in their vicinity the Reports, Engravings, and works of Art. They are forwarded at the expense of the Institution.

The income of the Art-Union the last year was \$22,285 dollars, and one hundred and forty-six paintings, varying in price from \$15 to \$600, were distributed by lot among its members, and each member also received a copy of a large line engraving, "Sir Walter Raleigh parting with his wife on the morning of his execution."

The committee have already in progress, for the members of this year, two large engravings, the Jolly Flat-boatsmen, to be engraved by Doney, after the picture by Bingham, and the Sybil, to be engraved by Casle after the picture by Huntington, of both of which, every member will receive a copy.

The annual meeting and distribution will take place this year on the 24th day of December.

It is very desirable that the dues of the members should be paid early in the year, that the Committee may make their purchases at the best advantage.

Subscription and payment may be made to the subscriber, Honorary Secretary for Newport and its vicinity.

TO THE BEAUTIFIERS OF THE COMPLEXION.

SURPRISING EFFICACY. My Eau Divine So Venus and Nymph Soap, composed of an eastern botanical discovery of surprising efficacy for rendering the skin soft and fair, as well as imparting a delicate rosy hue to the complexion.

As a creator and conservator of that most distinguishing charm of female loveliness, a transparent fair skin, Jules Haue's Nymph Soap, or Eau Divine de Venus, may be said to exert an almost magical influence. Composed for the most part of oriental balsamic plants, to the utter exclusion of all mineral admixture, it is distinguished medicinally, for its extremely bland, purifying and soothing action on the skin; and by acting on the pores and minute secretory vessels, expels all impurities from the surface, allays every tendency to inflammation, and, by this method alone, effectually dissipates all redness, tan, pimples, freckles, sunburn, and other unsightly cutaneous visitations, so inimical to female loveliness. Its use will change a most bilious complexion into one of radiant whiteness; while on the neck, hands, and arms, it bestows a delicacy and fairness which its continued use will happily protect, with every appearance of youth and charm to the most advanced period of life.

GORE has the pleasure of informing his patrons that an arrangement will be completed in the course of next week by which he will be able to furnish the third and latest edition of the New York Express, which goes to press only one hour before the steamers leave for Newport and Fall River. This will be a new and important feature in Newspaper Agency.

I would further state to those who subscribe and receive their daily papers by mail, that they are paying Two Dollars and seventy-four cents per year more than it costs to receive them of me. HOW A FARMER ON WEST PRESERVES HIS EGGS.

—A two gallon pot is filled with eggs; and one pint of lime, of the consistency of common white wash, poured in, and the pot is filled with water. A board is then placed on the top, and the water, which is never changed, as well as the eggs, remains pure and sweet. This practice is the one most common in France, the inhabitants of which, to their love of frogs and soup, add also, it appears, a very commendable taste for eggs.

THE WIFE OF JACKSON.—The following epitaph on the wife of Gen. Jackson, written by an officer of the U. S. Army, is inscribed upon her tomb stone:

"Here lies the remains of Mrs. Rachael Jackson, wife of President Jackson, who died the 22d of December, 1828, aged 61."

"Her face was fair; her person pleasing; her temper amiable, and her heart kind.—She delighted in relieving the wants of her fellow creatures, and cultivated that divine pleasure by the most liberal and unpretending methods."

"To the poor she was a benefactor, to the rich an example; to the wretched a comforter; to the prosperous an ornament; her piety went hand in hand with her benevolence, and she thanked her Creator for being permitted to do good."

"A being so gentle and yet so virtuous, slander might wound, but could not dishonor. Even Death when he tore her from the arms of her husband, could but transport her to the bosom of her God."

HUMANITY OUTRAGED.—The Queen of England, Ireland, and Scotland, the "most gracious sovereign" of millions of starving subjects, is allowed for her support \$1,700,000; for Prince Albert, her husband, \$133,000; and for her horses and hounds, \$310,100—making in all \$2,143,000.

WINE IN FRANCE AND ENGLAND.—It is proved that while the population of England has doubled, the consumption there of the French wines has decreased 1,500,000 gallons. The annual consumption of wine per head in France, is 36 gallons, and that in England it is but one fourth of a gallon!

THURSDAY, JUNE 24, 1847.

BY O. F. JACKSON, 97-THAMES ST.

[Correspondence of the News.]

Providence, June 23d, 1847.

FRIEND JACKSON:—

Had I not promised you I would drop you a few lines, giving you what news I may pick up during my stay in Providence, I assure you I would not sit down, and do so on an insufferable warm day as this. When I left Newport this morning I thought we should have a pleasant day, but I had no idea that I should run my head into an oven. But here I am, and when I get cooked I shall stop. I came here thinking to enjoy myself, and I have laughed at myself all day, for leaving such a cool delightful place as Newport, with its lots of sweet, pretty and rosy looking girls with the beautiful hue of a country life to be seen upon their cheeks, for the hot air, dusty streets, and city looking beauties of Providence, makes many miscalculations and mistakes and I find consolation in that fact.

There is not much news stirring, either political nor personal. Mr. President Polk will not deign to visit his liege subjects of the ancient city of Roger Williams. I am sorry, for it might give an opportunity for the good citizens, to show themselves above party prejudices, and willing to accord to the Chief Magistrate of the Union the respect due to his exalted rank.

Mr. Alexandre Vattemare, the gentleman delegated by the French government to exchange historical works relative to commerce, agriculture, &c., has signified his intention of visiting Providence in connection with that object.

Mr. B. Cowell has proved to be the fortunate candidate for the collectorship; his friends say he is well qualified.

I have met several Newport folks and they look as though they thought this a pretty hot day, and their countenances plainly bespeak a desire to return to Newport the first opportunity. I should not mind it myself but the fates have ordained that I must tarry yet awhile.

I shall go out of town in search of novelties to-morrow, and if I am fortunate, I shall enlighten you. I say, do you find any more veils? Yours, &c. PECONIC.

The Newport correspondent of the Providence Transcript, thus discourses in relation to matters and things in this locality:—

"Newport is the same quiet, travel in the old-road kind of place. There is that about it which gives assurance that

"Until the crack of doom," no change will take place in this deacon of towns. The houses look heavy and portly, the very stones in the streets have a grave and staid appearance, and were it not for the beautiful women which nature seems to have dropped down here as lovely contrasts to the sombreness of town and people, the place would be hardly endurable; that is, so far as life and bustle are concerned. In location, Newport is not surpassed in beauty by any town in the country, and no place can be made more productive of pleasure or health. I marvel why Newport people are not more alive to the advantages which their position gives them, and do not enjoy the favors nature has bestowed upon them with an open hand.

Newport will be very full of visitors this summer, at least so say those who are au fait in fashionable matters."

We learn a petition will be presented to the Legislature at this session, for the commutation of the punishment of Simeon T. Hicks, now under the sentence of death, in the State Prison. Hicks it will be remembered was convicted at the March Term of the Supreme Court, of the murder of old Mr. Crossman, in the town of Gloucester, sometime last Fall.

Excursion to Warren.—To-day the Perry makes an excursion to Warren, leaving here at half past 7 o'clock this morning, and Warren at half past 5 this afternoon; thus giving those who go, over nine hours stay in that pleasant village. The Anniversary of St. John's day is to be celebrated by the Masons in Warren to-day, and those who go, cannot help having a pleasant time.

Benjamin Cowell, Esq., has been appointed Collector of Customs for the port of Providence.

Providence, June 23, 1847.

MR. EDITOR:—

Sound the clamorous brick-bat—strike the loud smoke-pipe.—Alas, that I should have lived to see this day.

Your paper informs me that Charley Stanhope has left the glorious ranks of the defenders of the state of single blessedness. Poor fellow; he deserved a better fate. Oft have I watched and observed his uniform courtesy towards all passengers, and especially the ladies; who, when they approached him, brought a smile upon his countenance that gave proof that he cherished a chivalrous regard for all the sex.—But little did I think that his early and constant affections were so soon to be bestowed upon one solitary object. Happy woman—may the choicest blessings of heaven be showered down upon her head, and may the happy couple live to enjoy themselves during the bright sunshine of the days of their prosperity; and when arrived at good green old age, may they, like good John Anderson, of old, while sitting by the fireside, enjoying comforts that a long and virtuous life must bring unto them, sing to one another, the verses of that popular song, and look back without regret, upon the days of by gone times, and when at last they are gathered to the tomb of their fathers, may they quit this world without regret, and with a full consciousness of a blessed immortality.

From an intimate FRIEND.

The Boston Times states that the flour speculators in that city are storing up flour, with a view to create a panic by the time the steamer sails.

Intelligence has been received that Col. Doniphan, of the Missouri regiment has defeated the Camanches near Parras, and killed seventeen of them, with the loss of one American wounded.

An arrival at New Orleans brings Brazos dates to the 10th of June.

Col. Doniphan had arrived at New Orleans with seven companies.

TEMPERANCE NOTICE.—There will be a meeting of the Newport Total Abstinence Society, at the Town Hall this evening, at 8 o'clock. Addresses may be expected from the State Agent and other distinguished friends of the cause from abroad.

THE POOR BOY'S COLLEGE.—The Printing office, has indeed proved a better college to many a poor boy—has graduated more useful and conspicuous members of society—has brought out more intellect and turned it into practical, useful channels—has waked more mind, generated more active and elevated thought, than many of the literary colleges of this country. How many a drone or dolt has passed through one of these colleges, with no tangible proof of his fitness to graduate other than his inanimate piece of parchment, himself if possible more inanimate than his leathern diploma. There is something in the very atmosphere in a printing office, calculated to awake the mind and inspire a thirst for knowledge. A boy who commences in such a school, will have his talents and ideas brought out, if he has any; if he has no mind to be drawn out, the boy himself will be driven out.

Mr. Levy, United States mail agent at the Barzoz, cautions the public as to the mode in which to direct letters intended for the Army. It is not sufficient to address simply "Army in Mexico." Letter writers should add the particular regiment and division of the army if they would count upon the safe delivery of their letters.

THE ARCHDUKE CHARLES.—This distinguished General, the ablest rival of Napoleon with the exception of Wellington, and pronounced by Napoleon himself as one of the ablest tacticians of the day, died in Vienna on the 30th of April last.

The Archduke commanded the Austrian force at the bloody battle of Wagram, and held for a while the fate of the day in suspense, and even against Napoleon. His spirit was cramped and his intentions frustrated by Austria's Councils, or he would have made a more successful soldier. He was uncle of the present Emperor.

PHYSIOLOGY OF A BROKEN HEART.—Dr Stroud, in a new work on the physical cause of the death of Christ, explains that, although the popular phrase a "broken heart," is now oftener used to signify a protracted dying from depression, yet its terms are strictly correct; as is known instinctively or by conjectural induction to great poets and moralists. Shakespeare attributes the death of Caesar, not to the daggers of the conspirators, but

the ingratitude of Brutus. Then burst his mighty heart; and the word of the poet exactly represents the thing. In cases of very violent emotion of joy or grief, one of the ventricles of the heart is ruptured, and death almost immediately ensues.

A question in the double rule or two—suppose a feller, who has nothing, marries a gall what has nothing, is her things his'n, or is his her'n; or is his his'n and hers her'n?

A sensible lady writing to a newspaper says:—"Woman's true mission about which so much has been written, is to make herself as charming and bewitching as possible to the gentlemen."

At a small house in Dublin may be seen the following announcement, "Asses milk every morning hot from the cow."

The following queer definitions are from the Boston Post:

LADY.—A female with her head stuck in a silk bonnet, her waist puckered into a circumference of a junk bottle, an enormous bustle, and a hole in the heel of her stocking!

GENTLEMAN.—A man with a long nine in one hand, a sword cane in the other; with two cents in his pocket and no sense in his head.

JUVENILE WIT.—A clergyman happened to pass a boy weeping bitterly. He halted, and asked, "What is the matter my little fellow?"

The boy replied, "Before, we could hardly get enough to eat of anything, and now what shall we do? for there's another one come!"

DORCHESTER, Mass., June 15.

Dr. F. Brown.—Dear Sir:—It affords me great pleasure to be able to bear testimony to the valuable properties of your Sarsaparilla and Tomato Bitters. You probably remember the situation I was in when I commenced using them by the advice of my friends; the suffering which I have borne for a long time from the effects of a most terrible humor is almost indescribable; it covered my chest and arms, breaking out at times in quite large sores. Medicine after medicine did I try, without the least relief, and I gave up ever expecting to be cured; but at last I was persuaded to make use of your Sarsaparilla and Tomato Bitters; but I must say I commenced with great reluctance, thinking it would eventually fail to relieve me, as all other medicines had done. But how happily have I been disappointed. It has entirely cured me. Nothing that I do affords me more pleasure than recommending your Bitters to persons similarly afflicted, and I do most earnestly recommend all to try them before they give up, supposing there is no relief. I now value them so highly I keep them in the house, and use them in my family, as I consider them the best, pleasantest, and most thorough medicine now in use, removing all impurities, carrying off all bile, without weakening the system, or being obliged to change your diet.

After showing this to any one, if they are not perfectly satisfied, ask them to call on me, and I will explain my case more fully, which it will afford me great pleasure to do.

Yours respectfully,

JUNE 18 DANIEL PLUMMER.

Dear Sir:—I take pleasure in communicating to all whom it may concern, and the public generally, the astonishing effect your truly wonderful medicine has had upon me. I have enjoyed perfect health for four or five years. Physicians told me that my liver was diseased, and that I might some day die with consumption. Last September, 1845, I took a slight cold, which produced a hacking cough; this continued until February, 1846, when I added another cold; my cough increased, I soon lost my appetite, and my strength failed. For six weeks I could not lie upon one side; I sweat very much nights, raised considerable blood during the winter, and could not speak aloud for two weeks. With all these bad symptoms, I had very severe pain in my side and between my shoulders; general debility followed. I was confined to my room about eight weeks. I had buried a sister and brother, both died with the Consumption. I expected to die myself; my friends also despaired of my life. At this time an uncle, who had been benefited himself, advised me to take

WISTAR'S BALSAM OF WILD CHERRY. I accordingly procured a bottle, took it, and felt some better; obtained another, and a third; then I ceased to bleed and my cough was much better; but my disease was so deeply rooted, I was obliged to continue taking the Balsam until I had taken seven bottles. I can honestly and truly say, I believe Dr. Wistar's Balsam of Wild Cherry saved my life.

MRS. MARY B. GOULD.

We are personally acquainted with Mrs. Gould—assisted in taking care of her during her sickness, believe and know the above statement to be true.

Oh, what glorious silky, jet black hair That man and lady have! 'Tis indeed rare To see such soft, clear hair; yet, as I live! 'Twas a bottle of JONES' HAIR RESTORATIVE

Gave them those beauteous tresses. Before they used it, Like other silly folks, they abused it; And, though their hair was once gray, harsh and dry

One FIFTY CENT bottle they used, and thus defied The world to show lovelier hair. Then, who with bad will live,

And not use JONES' HAIR RESTORATIVE? Honestly and truly, there never was as good, or half as good, an article made to force the hair to grow dark, stop falling off, cure the scurf or dandruff, and make red or grey hair dark; it dresses the hair beautifully, and keeps it moist, soft, and silky, three times as long as any other article made.

Dr. Banning's Patent Body Lacc, For Weakness of the Body.

The following letter is submitted to a discerning public, and the proprietor is enabled to refer to many individuals—whose testimony will satisfy the most incredulous. Be particular and get Banning's Lacc, and be put off with nothing else.

WARREN, August 22, 1846.

Dr. Boardman.—Dear Sir:—Now being about leaving for home, I am able to give thus far a favorable account of the Lacc which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was afflicted for any regular business, and till I saw you, I had given up the hope of ever being better. I had consulted many physicians and in Boston, those the most celebrated, and spent nearly all the money I could earn, upon them and medicines. Since I have worn the Lacc, all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the spitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man.

THE BEAUTIFUL YOUNG LADY OF BROOKLYN AND RADWAY'S CHINESE MEDICATED SOAP.—Last fall we published a letter from a young lady in the city of Brooklyn, who, while on a visit to her friends in New Jersey, had experienced intense pain from the bites of musquitoes, and great annoyance from the unnatural darkness of her tanned complexion. Her skin had become parched, dry, and unhealthy—covered with pimples, blotches, pustules, freckles, &c., she was recommended by some friends to use, as a toilet enlivening,

Radway's Chinese Medicated Soap.

A few days' use of this very excellent and superior Soap exceeded the expectation of all; her skin became smooth, soft, pure, sweet, and healthy; her complexion restored to its former prepossessing appearance, all of which owed its restoration to the curative properties and soothing influence of Radway's Chinese Medicated Soap.

This is but one out of thousands of others, who prefer the use of Radway's Soap to all other soaps recommended for the same purposes. We do not pretend that our Soap will restore the complexion of the emaciated victim of consumption to the bright hue of health, as some of our competitors vainly claim, and promise to do; but we do pretend to say that Radway's Chinese Medicated Soap stands unrivalled in the productions of Chemists, for the purpose for which it is recommended, and is a superior article to the Rue Divine de Venus and Nymph, (which is introduced to the public by our own matter, which the proprietor of that article has ungenerously copied from one of our Circulars of 1845, without our permission, slightly altering the phraseology of our language to suit his own purpose,) or any other Soap in the market. Now we leave the public to judge for themselves. Do you wish to possess a fair, healthy pure, and sweet skin, free from all spots, blemishes, freckles, pimples, blotches, pustules, ring worms, &c. use the genuine Radway's Chinese Medicated Soap, which is warranted by us to do

all that it is recommended. This soap is sold cheaper than any other article of the kind in the market, and for ordinary toilet purposes it will do more service than other Soaps of three times its bulk. Sold for only ONE SHILLING per cake, by R. J. TAYLOR, C. G. C. HAZZARD, and B. H. TISDALE, Newport: Country Agents can be supplied by R. J. Taylor, J. & R. G. Ladies are Cautioned
AGAINST using Common Prepared Chalk.—They are not aware how frightfully injurious it is to the skin! how coarse, how rough, how yellow, and unhealthy the skin appears after using prepared chalk! Besides it is injurious, containing a large quantity of lead!
We have prepared a beautiful vegetable article, which we call JONES' SPANISH LILY WHITE. It is perfectly innocent, being purified of all deleterious qualities; and it imparts to the skin a natural, healthy, alabaster, clear, living white; at the same time acting as a cosmetic on the skin, making it soft and smooth.
Dr. James Anderson, Practical Chemist of Massachusetts says:—After analyzing Jones' Spanish Lily White, I find it possesses the most beautiful and natural, and at the same time innocent white I ever saw. I certainly can conscientiously recommend its use to all whose skin requires beautifying.

Miracle.
ON the 4th of August, in the year 1843, a singular scene occurred in the Royal Scientific Institution of France. The aged, white headed President, his head bare, his arms outstretched, his face radiant with smiles, (for science was triumphant) and his voice with gratulatory tone, delivered the following report:
"We are astounded at this singular preparation. Where indeed will science stop! Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous eruption, every disfigurement of, and even discolored skin! Where will its magic and singular power cease? The Negro, the Creole, the Yellow Race of the East, and the Red Man of the Far West, are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful, and of changing the color of dark, or black, or brown skin." (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)
There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of JONES' ITALIAN CHEMICAL SOAP, in curing Pimples, Blotches, Salt Rheum, Scurs, Erysipelas, Sore Heads, Old Sores, Beard and Barber's Itch, Chapped and Pender Flesh, Freckles, Taz, Sunburn, and changing dark sunburn or yellow skin to a pure, clear white, as smooth and soft as an Infant's, and in fact every kind of eruption and disfigurement. Read these certificates:
[From the N. O. Sentinel, Oct., 1844.]
One of our subscribers, Mr. H. Leonard, informs us that he has been cured of old, scaly Salt Rheum, of eighteen years standing, on his head, fingers and hands, by a cake of an article much advertised lately—we speak of Jones' Italian Chemical Soap.—He also informs us that he has tried its effects on his female slave Rose, much marked with sun spots, and he found in two weeks her skin much clearer and whiter.
James Blitham, a painter in Jersey City, was cured of carbuncles and pimples, which he was afflicted with for many years, by part of a cake of Jones' Italian Chemical Soap.
Persons in purchasing this must always ask for Jones' Italian Chemical Soap; and perhaps, as many who have been cheated with counterfeits, will be too much discouraged to try the genuine, we say to such, try this once—you will not regret it; but always see that the name of T. JONES is on the wrapper. For sale in Newport by June 10—4m R. J. TAYLOR.

MR. ABRAHAM VANDERBEEK, of 98 Avenue D., New York, certifies that his head was entirely bald on the top, and by the use of two 3s. bottles of Jones' Coral Hair Restorative, he has a good crop of hair, and will soon have it long and thick.
Mr. William Jackson, of 80 Liberty street, Pittsburgh, Pa., certifies: On the 3d of February, 1847, that Mr. Thomas Jackson's head, on the top, was entirely bald for 15 years, and that by using two 3s. bottles of Jones' Coral Hair Restorative, the hair is growing fast and thick, and will soon be entirely restored.
Gray Heads! Gray Heads! Read—I hereby certify that my hair was turning gray, and that since I have used Jones' Coral Hair Restorative, it has entirely ceased falling—is growing fast, and has a fine dark look. Before I used Jones' Coral Hair Restorative, I combed out handfuls of hair daily. WM. TOMPKINS, 92 King-st., N. Y.
Mr. Power, a grocer of Fulton-st., had his hair choked up with dandruff, and Jones' Hair Restorative entirely cured it.
Do you want to dress, beautify, and make your hair soft and fine? Read—I, Henry E. Cullen, late barber on board the steamboat South America, do certify that Jones' Coral Hair Restorative is the best article I ever used for dressing, softening, cleansing and keeping the hair a long time in order; all my customers preferred it to anything else.

TO THE LADIES IN PARTICULAR.
MY DEPILATORY POWDER has been found highly beneficial and of great use to ladies who have been afflicted with superfluous hair, principally when its growth has been confined to the upper lip and side of the face, giving a masculine turn to the whole features. When used with proper care, and according to the directions, it will be found to be a great addition to the toilet, as the use of any sharp instrument is entirely avoided, and the hair is removed in five or ten minutes after its application.
This composition is infallible, and warranted to remove superfluous hair. After numerous trials, I have received certificates of success which cannot be contested. LORRAINE'S PILLS.
All persons require Facts.
DR. LORRAINE'S CURATIVE SYSTEM
OF MEDICINE is rapidly producing achievements
never before known in the cure of diseases. The
immensity of its wonderful results, alone demon-
strate that its principles must be founded on truth.
The relative proportion of Cures by this Medicine
is out of all proportion greater, than by any other
Medicine known.
THE THEORY is, that one blood feeds in the
bosom, and flows through the body of every man,
and must be pure, it is the Vital Principle that sus-
tains life.
Physicians, and people of every class are willing
to come forward and announce, in the most public
manner that they have been cured of long standing
complaints—after another medicine had failed.
In fact there can be no doubt but that Lorraine's
vegetable Pill is the best medicine ever offered to
the public.
See a few public statements of men of truth and
virtue.

Lyons, Dec. 17th, 1843.
Sir: I have sold all the pills I had had of you,
please send another lot immediately. The sale of
Lorraine's vegetable Pills is rapidly on the increase,
they are becoming very popular. I sell more and
more every day. As a curative medicine and pu-
rifier of the blood, I think they stand unrivalled.
One fact I have noticed, that no one that has used
them finds any fault with them; they have wrought
some very great cures. One lady, who has been
confining to the house and bed, a great part of the
time, for nearly years, is now cured and able to
work most of her time, after having taken 3 boxes
only of Lorraine's Pills! I might name many
other cases where the cures have been as great,
but have not time.
Yours respectfully,
J. E. F. MARSH.

Portland, Me., Nov. 7th, 1843.
Sir: Please send us one gross of Lorraine's
Pills, we have sold all we had last. They have
given very good satisfaction, better than any other
pills which we have in our market. I think in
a short time they will take the place of others.
We have had no fault found with them whatever;
but, on the contrary, they have been praised loudly.
I think we could have quite a number of highly
respectable certificates from our citizens.
Yours respectfully,
E. MASON.
Chelsea, Jan. 3d, 1844.

Sir: I transmit to you an account of my case
for publication, believing it to be my duty. I
have been confined with the Rheumatism nearly
the whole winter, have had some of the best phy-
sicians of Boston and could get nothing that would
relieve me more than temporarily. I heard of the
wonderful virtue of Lorraine's Pills, I had no faith
whatever, but I took them, and it is a solemn fact
that when I had taken but eight pills my Rheu-
matism had entirely left me, and I have remained
well ever since.
N. R. I never took more than one pill at a
time and that on going to bed.
Yours respectfully, W. M. HALSTAD.
OPINION OF A SKILLFUL PHYSICIAN.
Sir, the operation of Lorraine's Pills is just any
philosophy to find out, how so small a Pill can
produce such wonderful effects. I find that one
of them will operate more than 3 or 4 of any other
Pill, yet in their operation, mild, gentle and com-
forting. On this account, they are more than 100
per cent, cheaper, as physis, than any other Medi-
cine I know of.
These Pills are now acknowledged by thousands
who take them daily, to be the only medicine that
fairly takes the Ranner from all others. This ex-
traordinary medicine has actually done Wonders
within one year past. They cause no pain or un-
easiness of any kind in their operation, and require
neither change of diet or care of any kind.
The attention of the reader is respectfully called
to the important results from the use of these Pills.
It will be seen, however great achievements have
heretofore been made by the use of this invaluable
medicine, still greater and more remarkable cures
daily happen.

**Bogle's Hyperion Fluid; Or Vegetable Hair
Composition.**
THIS subscriber has been induced to bring this
article before the public, at the request of his nu-
merous customers, among whom are physicians
and citizens of the first respectability, who have
adopted its use in their families, and wish others to
participate in its advantages.
The Hyperion is composed of vegetable ingredi-
ents, the secret of compounding and blending which
is known solely to the subscriber. It is an arti-
cle in which a cleansing and purifying wash is
beautifully blended with a most delicate, silky and
glossy moisture never before attained, yet free of
animal grease or essential oils. It cleanses the pores
of the skin, causes a healthy action in the blood
vessels, nerves, &c., which feed the hair, thereby
preventing BALDNESS AND GREY HAIR.
It entirely frees the skin from Scurf, Dandruff,
and other cutaneous diseases, disposes the hair to
curl, and changes the hardest hair into the most
soft, glossy, and healthy state, also imparts to it a
darker color, and the free use of it, both on the
skin and hair, in a most healthy and luxuriant
state until the latest period of life.
Ladies will find the Hyperion a great addition to
the toilet, both on account of its delicate and agree-
able perfume, and the great facilities it affords in
dressing the hair, which, when moist with the fluid,
can be dressed in any required form, so as to
preserve its place, whether plain or in curls.
When used on children's heads, it lays the founda-
tion of a good head of hair.
Manufactured and for sale by WM. BOGLE,
228 Washington, corner of Summer street, Bos-
ton. Sold in Newport by R. J. TAYLOR.

TO THE AFFLICTED.
DR. BANNING'S PATENT LACE!
An immediate Relief to Incipient Consumption, the
Bronchitis of Public Speakers, Palpitation
of the heart, Dyspepsia, Spinal Weak-
ness, Piles, Protrusions, and Diseases
of Women, without Medicines.
THIS instrument has been examined by Drs.
Mott, Rodgers, Francis, and Griscom of New
York, the faculty of Pittsburgh, Hartford, New
Haven and Middletown, and has obtained for itself
their favorable testimony. The following will
show what kind of testimony might be produced
in many cases:
Middletown, June, 25th, 1843.

Dr. Boardman,
Sir—In answer to your inquiry respecting my
case, I will merely say, that I have been sick since
I strained my breast and loins in May, 1836, from
that time continued to grow worse, when in the
fall of '39, I abandoned business, and have not
done any thing since. I suppose from all I could
learn about my case—frequently raising blood,
coughing very hard and expectorating profusely,
deriving no benefit from my physicians, and all
medicines recommended to me, that my case was
hopeless. Last winter my brother told me he had
heard a good account of Dr. Banning's Lace in
such cases, and was anxious that I should try it;
accordingly I procured one from you, and since I
began to wear it, my breathing, which was very
short and laborious, has become easy and natural;
the pain and fluttering or palpitation of the heart
has subsided; cough and expectoration greatly
lessened, my limbs which were exceedingly pain-
ful have become useful, so that I can walk com-
fortably. I am able to shave myself with comfort,
which for many years I have not been able to do.
The piles, which have troubled me for nine years,
are nearly eradicated. I work some in the garden,
and am able to ride 4 miles at once with pleasure
and benefit.
Yours, &c. Wm. BANNING.
Dr. G. M. Boardman,
Middletown, June 25, 1843.

Dr. Boardman,
Dear Sir—In answer to your inquiries re-
specting the effect of Dr. Banning's Lace in the
case of my wife, I will state that for twenty years
past, she has been afflicted with a complication of
complaints to which females are subject. She has
tried all the physicians and all the medicines re-
commended for such complaints, without regard to
expense, and found only temporary relief. Her most
distressing complaints, palpitation of the heart,
oppression and a sense of great weight at
the pit of the stomach, prolapsus of the womb, &c.,
were believed after wearing the lace two hours, and
she has continued to improve daily. With this
view of the case I cannot use language strong
enough to convey my approval of the instrument.
aug. 29th.
PROVIDENCE, Feb. 26, 1846.
Doctor Boardman,—Dear Sir—I now take my
pen to inform you that my wife's health has im-
proved very fast for the last two weeks from wear-
ing one of your Laces. She has been out of health
about two years and has worn a different Supporter
from yours, which had only two pads. She re-
ceived some benefit from that—but it would not
produce a cure. But now I can say with pleasure
that she is as smart as any of the young girls in the
neighborhood. She can now run up and down
stairs as fast as I can, and I feel so well pleased
with it that I hardly know how or what to write.
But one thing I do now, that she has been under
the care of seven Doctors in one year—and wear-
ing your Lace two weeks has or will do the cure
in a very short time. I want to write more, but I
have no time. I am truly, your friend and well
wisher.
Doctor Boardman, proprietor of Bannings cele-
brated Patent Body Brace, for this state, has taken
rooms at No. 8, Broadstreet, where he may be con-
sulted, free of charge. He is enabled to treat, suc-
cessfully, cases of Rheumatism, Neuralgia, Head-

Extract of a letter from Hon. Harman Knicker-
bocker, Esq., late first Judge of Reensselaer
County, M. C., &c., Schenectady, N. Y.
I was violently attacked with a severe pain in my
ankle and leg, and swelling ensued to an enor-
mous extent, my physician could not relieve me,
after suffering severely a number of days and an
increase of pain and suffering I was considered
dangerous; at this crisis my miller prevailed upon
me to try a plaster of this salve which I did, and
in half an hour I became easy and rested well. I
continued this application and in a few days I was
well. It cannot but prove a blessing to mankind,
if they can be furnished with it.

MOTHER'S RELIEF.
IT is now about ten years since this medicine has
been introduced to the public, and it stands un-
rivaled in its effects, bearing the test of the severe
scrutiny of all classes, both friendly and unfriendly.
It is but for one purpose—for the use of Mothers
who have to pass through a sea of affliction in
giving birth to mankind, not to be described. It
is to you we make an appeal. It is for your es-
pecial and general good that you should make use
of one bottle of the MOTHER'S RELIEF before
confinement. Then you can approach the par-
turient chamber without feeling as if you were go-
ing to the chamber of death. You may rest as-
sured it will still all fertile and nervous affection.
Its smoothness and shields from irritation and by
its peculiar properties it destroys the cause of her-
morrhage or inflammation that so often attend and
follow the hour of parturition. It causes sweet
and natural rest, and at last facilitates the birth,
so that Mothers have not to pass through such
excruciating pain and distress. The Mother's Re-
lief may be depended upon in all cases of threat-
ening abortion where it is possible to be prevented
in cases of Spasms, &c., causing frequent alarm
from two to three doses will give immediate relief.
As the subject is one that cannot with propriety
be fully discussed in this public manner, we invite
all who feel interested to call on our agents (most
of the respectable Druggists in the United States),
or on the manufacturer, and they will be furnished
with a pamphlet in which they will find all the
facts to form a correct opinion of its merits, and
also the opinions of many physicians of eminence,
and of persons who have become acquainted with
its beneficial effects.
CAUTION TO PURCHASERS.—Ask for Har-
man's Mother's Relief. None is genuine un-
less our signatures are found within the wreath
of the direction that is passed on the bottle, signed
with our own hand, and over the neck of the
bottle is a facsimile of our own hand writing also.
By attending to the above directions, no one need
be imposed upon. All orders will be promptly
attended to.

**DOCT. EMANUEL'S BALSAMIC LUNG
AND COUGH JELLY.**

THE materials of this Jelly are purely vegetable
and balsamic, and are the invention of an emi-
nent physician, from whom the proprietor has pur-
chased the recipe. It is certainly worth its weight
in gold, but is put at a price to be within the reach
of rich and poor.
Names and residences of persons residing in the
city of New York, who have been cured or bene-
fited by Dr. Emanuel's Balsamic Cough and Lung
Jelly, when it was prepared in another form:
Mr. Hyam Annetts, 113 William-st., N. Y., had
for some time, a dreadful pain in his side and chest,
with a hacking cough, and shortness or difficulty
of breath. He used part of a bottle of Dr. Emanuel's
Balsamic Lung and Cough Jelly, which per-
fectly cured him.
Mrs. Morgan, Front-st., Brooklyn, had a very
obstinate cough and cold. She tried every other
remedy in vain, and Dr. Emanuel's Balsamic
Lung and Cough Jelly entirely cured her.
Reader, reader, let the glad voices and grateful
hearts of these respectable citizens of New York,
appeal to your hearts and understandings, if you
are afflicted with any pulmonary complaint—
cough, cold, &c.

DR. EMANUEL.
Dear Sir—You may perhaps think my state-
ment almost incredible. My reason for fearing
so is the fact of your never recommending your
Jelly for the cure of continued consumption, but
only in its primary or first stages. I have every
reason to believe that I was in its last stage; my
physician told me so; my friends told me so; as
well did my symptoms, for they were truly alarm-
ing; and I felt fully convinced, that unless relief
was obtained, I must soon be consigned to the
narrow confines of the silent grave. But by the
timely use of your remedy, I still live, and again
enjoy my former good health. I had, indeed, dear
sir, all the alarming symptoms you speak of as
forming consumption in its worst stage; but by
the use of your Jelly, I again say, I am cured.
Yours, dear sir, with great sincerity,
ISAAC J. BEED.

And now, reader, having given you a plain
statement, let me conjure you to pause, ere it is too
late; try this Balsamic Lung Jelly—try it. I have
put its price to you as low as I can afford; if you
use it, and succeed in curing yourself, I shall have
the gratification of having rescued another from
consumption; and I hope, in return, that you will
not withhold from me your name, and a statement
of your cure.

MY EAU LUSTRAL HAIR RESTORATIVE.
This universally approved and admired article,
free from ardent spirits, pungent essential oil,
and other destructive materials, cleanses the hair ex-
pediently, renders it beautifully bright, and imparts
to it the delicate fragrance of the flowers. Hair
washed with this Extract soon becomes pleasingly
soft and luxuriant in its growth, and it will pos-
itively bring in new hair on bald heads by its use;
and hair that has been made harsh, and is turning
gray or falling out, by the use of spirit or other im-
proper preparations, will soon be restored to its
natural color and brilliancy, by a few applications
of the Eau Lustral.

It is a preservative against baldness, and an
infallible cure in all affections of the skin on the
head, as dandruff, and for preventing the falling
out of the hair and turning gray.
Evidence.—Nature is an inexhaustible mine, in
which experience and study will always find room
to excavate; it is that source alone which produc-
es all that man calls invention, and which he
would do better, perhaps, to name adaptation.

**Coggeshall & Bliss' Patent Cook-
ing Range.**
THE subscribers have just taken out letters pa-
tent for a new and beautiful cooking Range,
to which they invite the attention of the public.
This Range may be set in the ordinary fire place;
and by a simple, though effectual apparatus, the
throat of the chimney may in an instant of time,
be opened or closed, so that the heat in summer
and the fumes from cooking at all times may escape
through the chimney.
Wood or coal may be used, and the evil of smok-
ing chimneys is completely remedied by its intro-
duction.
This Range is so constructed that it takes up but
a small space, and yet it contains all the qualities
of those which take up double the amount; and it
being constructed as it is, the Boilers are brought
in close proximity with the fire, and it consequen-
tly boils much sooner, and with a smaller amount
of fuel, than the old fashioned Ranges, or cook
stoves. It contains five boilers, four of which may
be converted into two, by taking out a cross piece,
and thus will admit of two large boilers at the
same time. It also contains and Oven 12 inches
wide by 21 deep, which cannot be surpassed for
baking.
The subscribers have one of their Ranges in op-
eration at their store, where the public are invited
to call and examine it, and if they will, they may
at once discover its utility. They also keep a con-
stantly on hand all kinds of Parlor, Office, and
Cook Stoves, Tin Ware, &c., &c.
